

SAVE THE DATE! DOPSY SYMPOSIUM - SUMMER SCHOOL IN JOENSUU

**This year's annual Dopsy Symposium will be held
21st -23rd August 2023 in Joensuu, Finland**

The summer school will provide a unique opportunity for doctoral students in psychology to network nationally and hear what's going on at other universities in the field of psychological research. This symposium also offers the opportunity to present your own research work and get peer- and expert feedback on it. Information regarding leaving abstracts will be given when opening the registration

As a guest speaker at the symposium, novelist and neuropsychologist Jussi Valtonen will give a talk from the field of neuropsychology and health humanities.

However, we will mainly focus on what we have to offer each other! You PhD students and their supervisors are warmly welcome to attend the symposium.

Prices, reservations and deadlines:

Registration will open at 1st of May and close 20th of June 2023

Price: 110 eur/registration (include official program)
