

DOPSY SYMPOSIUM 2023 – INSTRUCTIONS FOR ABSTRACTS, PRESENTATIONS AND POSTERS

ABSTRACTS

Abstracts should be submitted using the online form. The form asks for the contact details of the presenter, the abstract authors, the title (max. 100 characters), the subject headings (2-5) and the text of the abstract (max. 2000 characters).

Please indicate on the online form whether you are presenting an oral or poster presentation.

PRESENTATIONS

Oral presentations:

Thematic groups will present and discuss ongoing or completed research. Usually there are 4-6 presentations in one 90-minute session, allowing about 15 minutes for each presentation.

We recommend that the presentations are in Powerpoint or pdf format. We can help with the presentation technology if required.

Poster presentations:

Posters will present ongoing or completed research.

The poster session is in the Carelia-building, 1st floor, Joensuu campus.

The author is expected to hang up and remove the poster himself/herself, and is also expected to be present to present the poster during the poster session. The poster session will start on 8:30 at the Carelia building 1st floor. The poster can be displayed throughout the conference.

A0 size (approximately 84 x 120 cm) is recommended. The size of the poster stands are width 117,5 cm and height 168 cm.
